Polyester 95% Polyurethane 5%

SHINY KNIT STRETCH RIBBON

SIC-5561

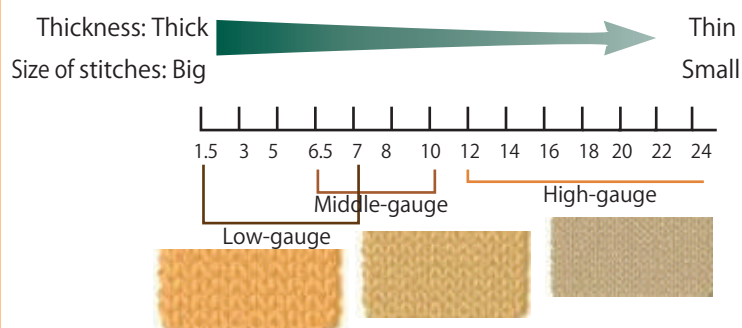

Polyester 95% Polyurethane 5%

Product feature

This satin finished ribbon was made by a Raschel loom with high-gauge thread. This tape has good fitting so you can make things such as accessories. Mat type: SIC-5560 Shiny type: SIC-5561 . These tapes are developed for very thin and soft stretch fabric.

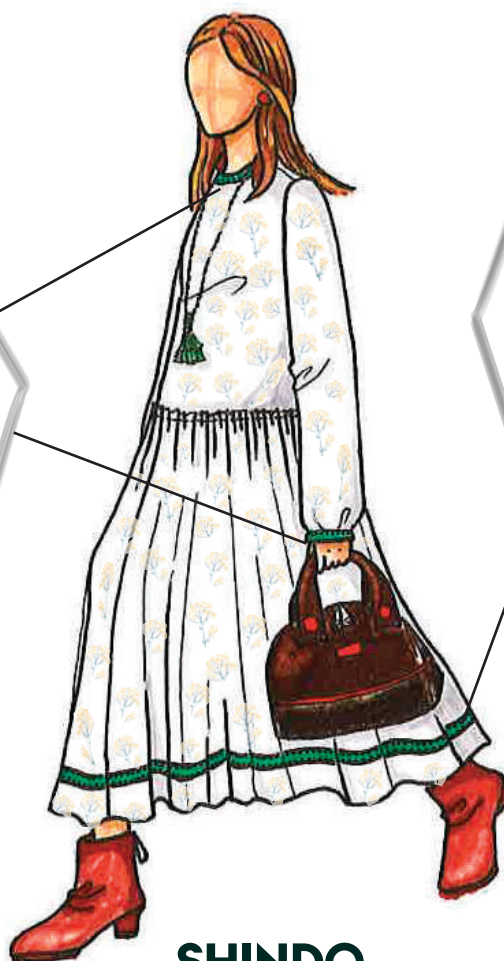

Bits of knowledge

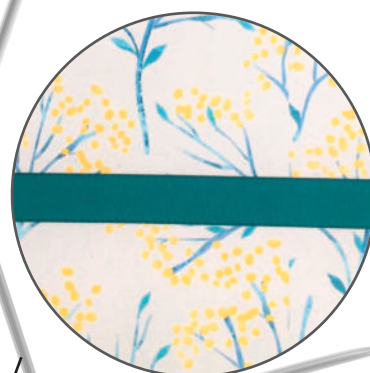

"Gauge(G)" shows how many needles There are in 1 inch (2.54cm).
SIC-5560/5561 are 36G

Usage

You can use as binder tape for a neckline or a sleeve. Because it can stretch it can easily follow natural curves

It is good to sew on thin fabric such as basketball shorts.

... TIP ...

You can use this tape to make gathered tape. Give it try!
