

SIC-2314

Polyester 100%

Description of item

- Thin knit with soft texture. You can tie and sew it on the fabric.
- Glossy finish/classy

Product feature

- We made sure that weave is nice and tight for the knitting to make the trim feel more luxurious and heavy.
- It is thinner than SIC-105 Polyester knit. Giving more of a satin look as it's bright and elegant.
- It is also used for SIC-555 Moose Velvet Piping. The thin edges make it easy for following curve.

Advantages of polyester

- Thermostable, anti-friction, and water resisting
- Wrinkle-free
- Easy-care
- Quick drying
- Resists to sunlight

Example of use

- Apparel: Men's/Ladies/Kids
- Underwear/Sportswear/Working uniform
- Bags/Shoes etc..
- Materials

Usage
